Essay writing

Learn how to interpret an essay question, how to structure an essay, how useful grammar and punctuation can be. We will look at style, presentation, structure and sequencing, as well as referencing, copyright and plagiarism.

This course is suitable for those about to enter or thinking of returning to university.

Learning outcomes

- A sound understanding of the basic skills necessary to write essays, from understanding the topic to final presentation.
- An awareness of different systems of reference and their uses and of issues relating to copyright and plagiarism.
