## Child Art Studio (8 – 12 years old)

*Hanna Hoyne*

In this exciting and fun-filled studio workshop, children will be introduced to four areas of art practice: Drawing, Painting, Printmaking and Sculpture!

### Course Outline

The children will do 3-4 weeks of each activity: they will commence with drawing, then move to printing, then to painting, and finally to sculpture. I will provide a variety of media for each type of activity:

**DRAWING:** pencil, charcoal, kneadable eraser, oil crayons and ink. They will learn about looking and loosening up their drawing skills and markmaking.

**PRINTMAKING:** block printing, mono-printing mainly using acrylic paints. They will learn about reductive and layered processes of printed images.

**PAINTING:** acrylic paints, ink washes and collage. They will focus on colour and texture! They will learn how to produce full scale images and cut them up again to use for new images using collage.

**SCULPTURE:** recycled materials and air-dry clay. The children will use their innate three-dimensional thinking to produce imaginative objects.

### Materials

The children will be supplied with materials needed for class- however it is always handy to have a pencil case of their own that should contain pencils, erasers, a small ruler, and eraser, scissors and coloured pencils or textas of their choice.

(I would also encourage parents to purchase an A4 black-cover drawing-book so that the children can start a visual diary).

Recommended for Beginners –that is, children aged between 8-12 years old- experience is not necessary, but an interest in Art is essential!!
