Notes

- Commencement in Second Semester is possible but a modified start may be necessary depending on existing language skills (spoken and written). Second Semester commencement in language study is normally not available to beginners.
- Commencement in Second Semester is possible only for students receiving credit/status/recognition of prior learning.
- Available for commencement in Second Semester only.
- It may be possible to commence Honours studies in Second Semester in some disciplines. Please contact the ANU College of Arts and Social Sciences for further information: students.cass@anu.edu.au
- Commencement is available only to current ANU students by internal transfer.

Tuition fees

International student tuition fees listed in this schedule are indicative and should only be used as an approximation of program costs. For programs of full-time duration of less than one year, the total tuition fee is provided. For all other programs, the tuition fee for one year of full-time study is provided. The international student fees in this schedule are provided for study undertaken in 2017 only. If you begin a program that continues beyond 2017 and the tuition fee rises in 2018, you will be liable for the additional costs associated with tuition fee increases.

The actual tuition fee for your program will be determined by the sum of the fees of the courses in which you enrol as part of your program. You may be able to study courses from a wide range of areas and you may be charged at a different rate depending on your choice of courses. The cost for a typical undergraduate course will range between A\$4,080 to A\$5,454 – a full-time annual cost of between A\$32,640 and A\$43,632 for 8 courses. The cost for a typical graduate coursework course will range between A\$4,590 to A\$5,454 – a full-time annual cost of between A\$36,720 and A\$43,632 for 8 courses.

For example, if you are enrolled in a Bachelor of Classical Studies, you may choose to undertake some computer science courses and you will therefore be charged A\$4,878 for each computer science course you take even though most of your undergraduate classics courses will be charged at A\$4,080 each. You can find the exact fee for each course at: programsandcourses.anu.edu.au

If you take courses beyond the normal full-time study load (overloading), you will pay more than the listed indicative annual tuition fee. If you take fewer courses than the normal full-time load (underloading), you will pay less. It is a condition of some visas that students must be enrolled in the normal full-time study load except in limited circumstances and with the approval of the University.

Student Services and Amenities Fee

In addition to tuition fees, the University charges a fee for student services and amenities of a non-academic nature, such as providing legal services to students, supporting the health and welfare of students, assisting students with financial matters, advocating for students in matters arising under the University's rules, and supporting student sport and recreational activities.

The fee is charged for every half-year in which you are enrolled. The amount charged is: A\$147 per half-year for full-time students (A\$294 per year) or; A\$73.50 per half-year for part-time students (A\$147 per year).

For further information, visit: www.anu.edu.au/students/program-administration/costs-fees/services-amenities-fee

Application fees

Online applications, excluding Higher Degree by Research applications, attract a non-refundable application fee of A\$75 to be paid at the time of application.

Incidental charges

Aside from tuition fees and the Student Services and Amenities Fee, there is a range of administrative charges that may be levied, such as for late payments, dishonoured pay-ments, replacing lost student identification cards, and producing official copies of academic statements.

For a full list of incidental charges, visit: www.anu.edu.au/students/program-administration/costs-fees/incidental-charges

Other costs

Tuition fees do not include living expenses or costs for the purchase or hire of personal study resources (such as consumables, laptops/tablets, books, laboratory kits, safety equipment, etc.) or personal travel expenses.

For information about living expenses, visit: www.anu.edu.au/students/program-administration/costs-fees/cost-of-living
