

# International Students University Programs & Fees 2012

## Application Fee

All applications attract a non-refundable application fee. Applications submitted online will cost A\$75, paper applications will cost A\$100. The fee must accompany the application. You may pay the fee with a credit card (MasterCard or Visa only) or a Bank draft (international cheque) made out in Australian dollars to The Australian National University.

Foreign currency cheques will not be accepted.

## Tuition Fees

The indicative annual tuition fees listed here are for your guidance only, as the actual tuition fee you will pay will depend on the courses you choose and the number of units required to complete your program successfully. Prices quoted in this schedule are for 2012 and are generally for a standard full time (48 unit) load if you commence your program in First Semester (February) 2012 and choose courses entirely in the discipline area of your program. For a full explanation of how tuition fees are calculated please refer to the General Information section at the back of this schedule. (Points 1-3)

Tuition fees may change from year to year. However students continuing in their current program will have any fee increases capped at 5% (compounded annually) of the annual tuition fee applicable in the year of admission to the program.

Some programs have additional compulsory costs (e.g. Field trips, books, equipment). These are NOT included in the tuition fees. More information is available from the ANU College concerned.

## Payment Method

Please note that we do not accept traveler's cheques or cheques in foreign currency. All cheques must be made in Australian dollars only.

Note: Tuition fees do not include the Overseas Student Health Cover (OSHC) premium.

## Notes

- <sup>1</sup> For temporary residents on non-student visas only.
- <sup>2</sup> A Second Semester start is possible but a modified start may be necessary depending on Asian/European/Middle Eastern language skills. (spoken and written). A Second Semester commencement in Language studies is normally not available to beginners.
- <sup>3</sup> Joint degree program with the National University of Singapore.
- <sup>4</sup> Semester 2 start is only possible when you have received status/advanced standing.
- <sup>5</sup> Students would normally undertake 36 units per year.
- <sup>6</sup> Master of Commerce specialisations available are Accounting, Finance, Information Systems and Corporate Responsibility.
- <sup>7</sup> Master of Business Administration. This program is usually undertaken over two years, however, students can elect to increase their enrolment load (subject to approval from the Master of Business Administration Coordinator) enabling them to complete the program in eighteen months.
- <sup>8</sup> Indicative annual fee for the first year only. Second year fee will comprise the Master of Diplomacy fee (A\$21492) plus any thesis study for the first degree if applicable.
- <sup>9</sup> Program taken over 3 semesters S1, S2 and Summer Session
- <sup>10</sup> Dependent on the courses undertaken in your Program indicative fees may vary within the fee range.
- <sup>11</sup> Early exit from the Master degree is available at the Certificate or Diploma level.
- <sup>12</sup> Second Semester commencement only.
- <sup>13</sup> The indicative fee may be higher for students who include courses with a prefix of DART or COMP in their studies as courses with these prefixes are charged at a higher rate.
- <sup>14</sup> It may not be possible to commence courses in both components of this combined degree in Second Semester. Refer to the single degree entries for both degrees to see which degree may not normally commence mid-year. Refer to the relevant College for advice.
- <sup>15</sup> It may be possible to commence the Honours year in some disciplines in semester 2. Please contact the College of Arts and Social Sciences for further information.
- <sup>16</sup> Commencement in Semester 2 is assessed on a case-by-case basis.

## Information for international students

### Application Fee

All applications attract a non-refundable application fee. Applications submitted online will cost A\$75, paper applications will cost A\$100. Your application will not be assessed until the application fee has been received. You may pay the fee with a credit card (Master card or Visa only). If this option is not available to you for payment you may send a Bank draft (international cheque) made out in Australian dollars to The Australian National University. Foreign currency cheques will not be accepted.

1. Unavailability of Program  
If the University is unable to offer a program for which you have paid tuition fees or a tuition deposit, those fees or deposit will be repaid to you in full.
2. General Information on the Calculation of Tuition Fees
- 2.1 International Student Program fees listed in this schedule are indicative only and are meant to be a guide to the approximate cost of the program in which you enroll. The actual tuition fee will be determined by the courses in which you enroll as part of your Program (see 3.1). Student tuition fees are published on a price point basis per unit. Each course (i.e. subject or class) is made up of units. A typical course is made up of six units. You can find the exact fee for each course at [info.anu.edu.au/studyat](http://info.anu.edu.au/studyat).
- 2.2 Tuition fees are applicable for a calendar year. If you begin a program that goes beyond a calendar year (e.g. a three semester - 1.5 year program or Summer Session (January – March) and the tuition fee rises in the new calendar year, you will be liable for additional costs. However, providing you remain in the same program, your fees will increase by no more than 5% per year (compounded) from your year of admission to the program.
- 2.3 International Student Fees (except for research program fees) are set at a particular 'Price Point'. Price Points are the cost for a single unit course. Price points represent the actual cost to deliver a course so that you can expect the Price Points for Engineering, Science and Medicine to be higher than those for Arts and Law. The 2012 cost to you for a normal 6 unit course will therefore range between A\$2808.00 for most undergraduate Arts courses (an annual cost of A\$23568.00, assuming you only take the standard 8 Arts courses a year), to A\$3,252.00 for most undergraduate Science or Engineering courses (an annual cost of A\$27312.00 assuming you only take undergraduate Science or Engineering courses).

- 2.4 Award programs at the ANU have a lot of flexibility and students are encouraged to take courses in other areas. You can also study in a wide range of combined programs. Remember that you may be charged at a different rate depending on your actual course enrolment. For example, even if you are enrolled in a BA, you may choose to study Geography. Geography is classified as a Science course and you will therefore be charged A\$3414.00 for each Geography course you take even though most of your undergraduate Arts courses will be charged at A\$2946.00 each.
- 2.5 International Student Fees are set each year and the University expects to publish the tuition fees for the following calendar year by no later than October of the previous year. You should check each year to see whether there has been a change in fees for your program but whatever the change, you will not be charged an increased fee greater than 5% in any year (compounded from the year of admission to the program). If fees are reduced, you will, of course, pay the reduced fee. If you change your program of study, you will pay the fee for the new program that applies in that year.
- 2.6 If your fees are being paid by a sponsorship or scholarship which ends before your program is completed, you will become personally liable for paying the tuition fees for the remainder of your program.
- 2.7 While most students are enrolled in two standard semesters (First and Second semester) or four non-standard sessions (Summer, Autumn, Winter, Spring), it is possible that coursework students may be enrolled in up to six sessions and receive an invoice for each session. The invoice schedule is normally  
**Summer** – January, February and March  
First Semester – February/March  
**Autumn** – April, May and June  
**Winter** – July, August and September  
Second Semester – July/August  
**Spring** – October, November and December  
These dates should be seen as a guide only.
- 2.8 You should consult the Student Enrolment and Administrative Procedures (SEAP) Guide for information about payment dates, fees and related information at [anu.edu.au/sas/studentadmin/seapguide/index.php](http://anu.edu.au/sas/studentadmin/seapguide/index.php).
- 2.9 Every effort has been made to provide you with an accurate list of Programs. The University retains the right to amend program availability, structure and content as necessary.
3. Students who Transfer to a New Program  
If you change your program of study - for example, if you transfer from a BA to a BSc or move from a Graduate Diploma to a Master degree, or from one Master degree to another Master degree - you must pay the fees for the new program as set for the year in which you are admitted to the program. i.e. If there is an increase of fees for that year you will be liable for the full increase not the 5% capped fee.
4. Fee Information for Undergraduate & Graduate Coursework Students
- 4.1 The indicative annual tuition fees stated in this schedule are published for your guidance only and are based on you taking the normal annual (two semester) full-time enrolment of 48 units entirely in the discipline area of your degree: i.e. only science courses for a BSc or only Arts courses for a BA. For undergraduate students the 48 units (normally 24 units are taken each semester) are usually made up of 8 courses, each of six units. Graduate coursework students should refer to the schedule for the unit value of programs.
- 4.2 If you take more than 48 units in a year, you will pay more than the indicative annual tuition fee. If you take less than the standard full-time load, you will pay less (unless you are enrolled in a program based fee). The same may happen if you take courses from another discipline area as part of your award.
- 4.3 Students who undertake a full-time Summer Session as well as the standard annual two semester enrolment will probably complete a further 24 units. The courses you take in Summer Session will be an additional cost to the annual indicative 2012 tuition fee.
- 4.4 A deposit for a program must be paid before an electronic Confirmation of Enrolment (eCoE) can be issued, unless the fees are being paid on your behalf by a sponsor or you hold a scholarship which includes the tuition fee. You need an eCoE to apply for a student visa. The amount of the deposit will be included in the offer letter you receive from the University.
- 4.5 The remaining balance of your semester fees must be paid by the third Friday of each semester, or the nominated date in a non-standard teaching session.
- 4.6 All students, including students from overseas, may have to pay incidental costs for their studies such as the hire of laboratory kits and the purchase of notes and/or reading bricks. These costs are paid when they are incurred and not when your tuition fees are due. Your tuition fees do not include living expenses.
5. Fee Information for Graduate Research Students
- 5.1 Research tuition fees will be payable by the third Friday of each semester.

- 5.2 A deposit must be paid before an electronic Confirmation of Enrolment (eCoE) can be issued, unless the fees are being paid on your behalf by a sponsorship or scholarship. You need an eCoE to apply for a student visa. The amount of the deposit will be included in the offer letter you receive from the University. You will be invoiced for the balance of the semester's tuition fees after enrolment.
6. Visa Requirements
- 6.1 You are legally required to keep the University informed of your current address at all times. If you fail to do this you will be in breach of student visa requirements.
- 6.2 Except in special circumstances, you are required as a condition of your visa to remain enrolled as a full time student in 100% study load. You must obtain permission from the University to enroll in more or less than 100% full-time study load in each semester.
- 6.3 You must inform the Office of Policy and Regulation about any variation in your enrolment. This includes Program Leave, Program Transfer and Withdrawal. Retrospective applications will not be accepted.
- 6.4 For further information please refer to "ESOS and You" available at [info.anu.edu.au/studyat/International\\_Office/student\\_life/\\_esos.asp](http://info.anu.edu.au/studyat/International_Office/student_life/_esos.asp)
7. Overseas Student Health Cover
- 7.1 Overseas Student Health Cover (OSHC) is a private health care arrangement, which helps cover the cost of medical treatments in and out of hospital, for example if you get sick or have an accident. It is a condition of your student visa (Condition 8501) that you are covered by OSHC for the duration of your student visa. OSHC WorldCare is the preferred health cover provider of the Australian National University; this arrangement however does not restrict you from obtaining OSHC from a recognised provider of your choice. If you choose to select a health insurance provider other than the University's nominated provider (OSHC WorldCare), you must show evidence that you are covered by the other health insurance provider. OSHC must be arranged before a student visa can be issued. It is your responsibility to make sure that you have a current health cover policy until your student visa expires. Information about the costs and services provided by OSHC WorldCare can be obtained from [oshcworldcare.com.au](http://oshcworldcare.com.au)

## REFUND POLICY for International Students

This statement sets out the current policy for 2012 under which refunds may be made for Tuition Fees and the Overseas Student Health Cover premium. It also includes general refund policies which relate to all these fees.

### Tuition Fee Refund Policy for International Students

New Students (i.e. students enrolled at the ANU for the first time who are in their First Semester or session of a Program):

If you have paid all or part of your tuition fee, The Australian National University will refund all or part of your fee on the following basis:

1. If an offer of a place is withdrawn you are eligible for a full refund of all program fees paid. However, if the offer was made on the basis of incorrect or incomplete information supplied by you, the University reserves the right to retain A\$250.00 of the program fees paid.
2. If your visa application or request to transfer from another institution to the ANU is refused, a full refund of fees will be made. Evidence of refusal is required.
3. If you do not meet any one of the conditions stated in the offer letter and are not permitted to enrol, a full refund of fees will be made.
4. If you cancel your place in the program (in writing) at least 4 weeks before the program starts, you will be refunded the program fees paid, less an administrative fee of A\$250.00.
5. If you cancel your place or withdraw from a program in writing less than 4 weeks before the program starts, or before the course census date of the program, you will be refunded the program fees paid, less a withdrawal fee of A\$2500.00.
6. If you are being taught in an intensive mode and are enrolled in a non standard session (e.g. Summer, Autumn, Winter, Spring session) and withdraw from a program for whatever reason, you will only be eligible for a refund for those courses whose census date has not passed minus a A\$2500.00 withdrawal fee.

## Continuing Students (includes students who transfer to a new Program at the ANU)

1. If you are a continuing student, and withdraw from a program before the census date of the semester in which you are enrolled, you will be eligible for a full refund of the tuition fees paid for that semester.
2. If you withdraw from a program, for whatever reason, beyond the census date of the semester in which you are enrolled, you will not be eligible for a refund.
3. If you are being taught in an intensive mode and are enrolled in a non standard session (e.g. Summer, Autumn, Winter, and Spring session) and withdraw from a program for whatever reason, you will only be eligible for a refund for those courses whose census date has not passed.
4. If you do not meet degree/diploma academic progress rules and are not permitted to re-enrol, or to continue a program, you will be eligible for a refund of program fees if the fees were paid before you were advised of termination of enrolment. The refund will not be paid until any appeal under academic progress rules has been finalised.

## All Students

If you believe you are eligible for a refund of fees, you must apply for it by 31 December of the calendar year in which the payments occurred. No retrospective refunds will be given for previous calendar years.

## Refund of Overseas Student Health Cover (OSHC) for International Students

Refund of OSHC premiums can only be considered in accordance with the refund policy of OSHCWorldCare. A copy of this is provided at the OSHC WorldCare website [oshcworldcare.com.au](http://oshcworldcare.com.au).

If you are an on-shore international student, you will need to contact OSHC Worldcare directly to request for a refund. If you qualify for a refund, you will need to provide OSHC Worldcare with your student visa and flight details before you leave Australia at the end of your program.

If you are an off-shore international student, and you will no longer be attending ANU you will need to request a tuition fee refund from the Fees and Scholarships Office. The ANU will then need to cancel your COE and once this is done you will be advised. The fees office will let you know when you can apply to OSHC Worldcare for your OSHC refund. Once you contact OSHC Worldcare they will liaise with you directly to organise the refund. If you are a sponsored international student but your OSHC is not covered by your sponsor, you will need to contact OSHC Worldcare directly to obtain a refund.

If you are a sponsored international student and your OSHC is covered by your sponsor, OSHC Worldcare will liaise with the Australian National University to refund the premium to your sponsor.

## General Policies for Refunds for all the above fees

1. The Registrar, Student Administration Services will make the final decision about refunds.
2. The date of withdrawal is the date on which the University receives written notification of withdrawal.
3. Refunds will normally be made in the same currency as the fees were originally paid. The University reserves the right to make refunds payable in the currency of your home country.
4. If you are eligible for a refund for tuition fees that were paid using a credit card, the refund will be credited back on to that credit card.
5. If there is a dispute between you and the University about entitlements under this refund policy, we will attempt to negotiate a settlement before resorting to external dispute resolution mechanisms, including, allowing you to refer the matter to the Deputy Vice-Chancellor or Vice-Chancellor of the University to intervene and direct some form of resolution. You are entitled to appear on your own behalf, or with or by a representative you nominate, at any negotiation to resolve a dispute under this refund policy.  
  
If a dispute remains unresolved after attempts at negotiation or after 20 business days, whichever is the lesser, you and the University will submit the dispute to a mutually agreed external mediator.  
  
If a dispute is not settled within a further 10 business days, the matter will be referred to arbitration with an arbitrator nominated by the Chairman of the ACT Chapter of the Institute of Arbitrators and Mediators Australia.
6. This refund policy arrangement does not remove your right to take further action under Australia's consumer protection laws.

In addition, you may commence legal proceedings relating to any dispute arising from this refund policy at any time where you believe it is reasonable to do so to seek urgent relief.
