

Functions on Campus Protocol

Purpose

To safely reinstate functions, events, venue hire and clubs and societies on the Acton campus, in compliance with the [University Guidelines](#) and information within the ACT Government [step 3.2 restrictions](#) that apply from 9 October 2020.

Principles

Functions, events, venue hire and clubs and societies on the ANU Acton campus are guided by the University Guidelines and ACT Government COVID-19 restrictions. These documents detail the risk mitigation strategies required to ensure all function approvals, events and venue bookings are compliant.

COVID Safe Campus Alert Levels

We have created a [COVID Safe Campus Alert System](#) to clarify ANU control practices to be activated at as the COVID-19 situation changes in Australia and the ACT.

NORMAL and LOW Levels: Normal functions management.

MEDIUM Level: External visitors limited to campus.

HIGH or EXTREME levels: All public events and functions must be cancelled.

If we move to medium, high or extreme alert levels, further guidance will be released for event management.

Recommencement of functions and events

The University has recommended that functions, events, venue hire and clubs and societies can safely operate on campus (as per University Guidelines) for staff, students and the wider ANU community. To ensure that they occur safely, the following protocols will be implemented:

A [Functions on Campus \(FoC\) eForm](#) must be completed for all indoor and outdoor events planned to occur on the ANU Acton campus. Events can only occur once the FoC eForm has been approved by the University.

Events and functions both inside and outside include, but are not limited to:

- Staff functions or gatherings;
- School and College functions or gatherings;
- Student affiliated and non-affiliated functions or gatherings including clubs and societies (ANUSA, PARSAs and ANU Sport);
- Residential student events (outdoor)– managed by Heads of Halls and approved by the Director, Residential Student Life; and
- Events approved by the Chief Operating Officer.

Exemptions from completing a FoC eform include:

- Drill Hall, Llewellyn Hall and University House – managed internally via a venue enquiry form;
- Departmental staff meetings;
- Residential student events (indoor) – managed by Heads of Halls and approved by the Director, Residential Student Life.

All other requirements of this Protocol still apply to these areas. This includes completion of a Risk Assessment Plan (see para 3).

Functions, and events where risk cannot be adequately controlled or mitigated (i.e. exposure cannot be reduced or prevented) are unlikely to be approved. This may include festivals, live bands, markets and stalls, religious gatherings, protests and demonstrations.

To note:

- Special care and attention should also be given to public and congregational performances involving singing (including choirs), to maintain physical distancing between performers and with the audience.
 - Performers should remain two meters away from the audience
 - Performers should remain two meters away from each other
- Guided tours should not go for longer than two hours.
- Meetings of ANU clubs on campus will be approved, provided that the required ANU protocols (below) are met.
- Non-compliance of University Guidelines and protocols will result in the cancellation of all offending club/society events. Section 1.0 University Guidelines identifies actions for non-compliance.

Protocols

1. Indoor events can occur with a maximum of 200 attendees. One person per four square metres (1 per 4m²) applies.
2. Outdoor events can occur with a maximum of 200 attendees. One person per two square metres (1 per 2m²) applies.
