

THE AUSTRALIAN NATIONAL UNIVERSITY
BOK HONOURS YEAR SCHOLARSHIP IN ASTROPHYSICS
CONDITIONS OF AWARD

1. There shall be one scholarship for award by Council each year which shall be known as the Bok Honours Year Scholarship in Astrophysics.
2. The scholarship shall be valued at not less than \$A4,000 per annum. The scholarship will be payable in two instalments, one at the beginning of each semester.
3. An additional allowance of \$4,000 may be available for the successful applicant who transfers enrolment to the ANU for the honours year and whose permanent place of residence is outside Canberra.
4. The scholarship shall be available for full-time study in the Honours Year of a program of study leading to the award of the degree of Bachelor of Science with Honours.
5. The scholarship shall be held for two consecutive full-time academic semesters only. The taking up of the scholarship cannot be deferred.
6. The scholarship shall be available for award to students who are currently enrolled or have been enrolled at the ANU or another Australian university in a program of study leading to the award of a pass degree of Bachelor with a strong undergraduate academic record with majors appropriate to undertaking Honours in Astrophysics the College of Science.
7. Eligible students who are currently enrolled or have been enrolled in a combined program leading to two degrees, one of which will lead to the award of a Bachelor of Science degree or equivalent, will also be eligible to apply.
8. The scholarship shall be held by one full-time student enrolled in the Honours Year of a program of study leading to the award of the degree of Bachelor of Science with Honours at this University.
9. Selection for the scholarship will be based on academic merit together with consideration of the field of study in which the candidate has expressed an interest, the availability of appropriate supervision, and reports from two academic referees familiar with the applicant's work (and Honours potential) in the relevant disciplinary field.
10. The scholarships shall be awarded on the recommendation of a Selection Committee comprising the Associate Dean (Education) of the College of Science, the Head of the Department of Mathematics, the Head of the Department of Physics and the Director of the Research School of Astronomy and Astrophysics (or their nominees). The Associate Dean (Education) of the College shall also have the casting-vote in the case of an equal division of members of the Selection Committee.
11. A student may not hold another ANU administered scholarship which has been awarded specifically for the Honours Year concurrently with the Bok Honours Year Scholarship in Astrophysics.
12. A scholarship shall not be awarded if, in the opinion of the Selection Committee, there is no applicant of sufficient merit.

- 13.** If a scholar fails to enrol for the Honours Year of a program of study leading to the award of the degree of Bachelor of Science with Honours or withdraws or is given approval to take voluntarily program leave before completing both consecutive academic semesters, the scholarship must be surrendered.
- 14.** If, in the opinion of the Associate Dean (Education) of the College of Science, a scholar's performance in the first semester of the Honours Year is unsatisfactory then payment of the scholarship allowance for the second semester may be withheld and/or the scholarship terminated.
- 15.** If the scholarship is suspended or terminated the Selection Committee shall determine whether any refund of scholarship monies is payable and may determine that the scholarship instalment for the semester in which the suspension or termination occurred be refunded by the scholar to the University in part or in full.
