**ROOM AVAILABLE IN DEGREE (RAID)**

Students must have a minimum of 24 ANU units available in their ANU degree to participate in the study component. Complete your RAID request in the Global Program System and your academic college(s) will complete the assessment.

For study components that are one year long, 48 units must be available in your degree.

**48 UNITS COMPLETED**

You must have completed 48 ANU units before your study component starts. You can still apply if you have not completed 48 ANU units, as long as you complete 48 ANU units by the time you go overseas.

Make sure to talk to your ANU Academic College to ensure that you have room in your degree for learning abroad.
Students must apply to ANU to be considered for nomination to DFAT.

a) Please complete the ANU online NCP Scholarship application on the Global Program System. Applications close 31 May 2022.

b) Applicants must also submit an exchange application through the ANU Global Programs System for Semester 1 or Semester 2, 2022 or consider independent learning abroad studies in 2022 at the same time as completing an NCP scholarship application. Applicants will need to seek academic college approval through the online RAID (Room Available in Degree) assessment when you complete the online application, for your proposed exchange or learning abroad proposal. All studies proposed must be credit-bearing studies.

c) Applications will be assessed and shortlisted by a panel of ANU staff. Eligible candidates will be shortlisted and may be required to attend an interview with ANU in June 2022.
The top ten ANU candidates will be recommended to DFAT for consideration.

a) ANU Global Programs will liaise with nominated candidates about how to best frame their applications and prepare for an interview throughout July and August 2022.

b) The final selection process will be administered by DFAT, and nominated applicants will be invited to attend a face-to-face interview with a panel during September and October 2022.

c) All successful and unsuccessful applicants will be notified of the outcome of the DFAT selection process in November 2022.
