How to upload a second or subsequent draft to the ANU Academic Skills Appointments Wattle site

1. Go to the Turnitin space “Upload your draft for your appointment - Part 1”. There, you will see your previous draft.
2. On the right hand side of the information about your draft, click on “Submit Paper”
3. Upload your next draft, and click on “Resubmission” at the bottom of the screen
4. Refresh the upload space, and you will see your new draft. Click on the title of the draft to open and review it.

5. Note that if you have already uploaded more than 3 drafts, you will need to wait 24 hours to see your latest draft. However, the Academic Skills staff are able to see your latest draft immediately, no matter how many drafts you have uploaded.
