

## THE AUSTRALIAN NATIONAL UNIVERSITY

### MEDICAL SCHOOL

### RSPH PRIZE FOR POPULATION HEALTH

#### Conditions of Award

1. There shall be an annual prize for each year which shall be known as the RSPH Prize for Population Health.
2. The value to each student winner of the Year Cohorts shall be as follows: Year One \$80; Year Two \$80; Year Three \$90 and Year Four \$115.
3. The prize is for award each year to the student or member of a student group who in that year was:
  - (i) enrolled in the Bachelor of Medicine Bachelor of Surgery Program; and
  - (ii) involved in undertaking a project whose quality was assessed by the Selection Committee as outstanding and reflected comprehensive knowledge and application of Population Health issues.
4. The members of the Selection Committee shall be determined by the Dean of Medicine and Health Sciences.
5. In each Year Cohort the prize may be awarded to more than one winner.
6. If, in any year, no assignment or project is assessed by the Dean of Medicine and Health Sciences as sufficiently outstanding, the prize for that Year Cohort shall not be awarded in that year.

*The Population Health theme at the ANU Medical School has instituted the annual Population Health Prize in order to promote knowledge of and interest in this discipline as part of the science of medicine. In each year, the prize will be awarded to the student or group who authors the best population health assignment.*

*The prize is a gift from The Research School of Population Health at the Australian National University.*
