WHO WE ARE

If you're searching for answers, you're searching for us.

The Australian National University (ANU) will inspire you to confront the biggest issues and solve problems beyond your imagination.

We are Australia’s number one university* and offer 50 single degrees for you to choose from and the flexibility to design your own double degree from 750 possible options.

As well as being able to tailor your studies to fit your strengths, passions and goals, you’ll learn from lecturers who are world leaders in their fields, in small class sizes with low staff-to-student ratios.

Alongside lectures, you’ll study in state-of-the-art collaborative spaces that will stimulate you to think differently, solve problems and challenge the truth.

Informing your learning throughout your studies will be our cutting-edge research** and opportunities to take part in world-class international student exchange programs and industry and government internships.

Your new community of vibrant academic, cultural, sporting and social activities will help you make lifelong friendships and build career-enhancing networks—and will look after your wellbeing, to make sure you thrive.

Choose to live in one of our catered or self-catered residences and you will find yourself at the heart of an inclusive, world-class campus. Canberra’s CBD, your classes, libraries, gyms, medical services and much more will be right on your doorstep.

Challenge yourself at ANU.

* QS World University Rankings 2022
** Australian Government Excellence in Research for Australia Report 2018–19
Our university
#1 university in Australia¹
#27 university in the world¹

Our students
#1 most employable graduates in Australia²
11,000 undergraduate students
5,756 student accommodation beds on campus
5 star rating for staff-to-student ratio³

Nobel Prize winners
6 Nobel laureates among our staff and alumni

1. QS World University Rankings 2022
2. Times Higher Education 2020
3. Good Universities Guide 2021
Despite the challenges of 2020 and 2021, the future is full of opportunity and being able to come to The Australian National University (ANU), the top university in Australia, gives you a chance to chart your future.

Some of you will have very clear plans but most of you probably won't and that's okay. Coming to university is your chance to find out what you are passionate about and what interests you, inside and outside the classroom.

My best advice is for you to take the opportunity to not just do what you're comfortable with, but to push yourself outside your comfort zone. Make sure you meet new people who are doing new and interesting things, be part of our clubs and societies, immerse yourself in campus life. Work hard but have fun too.

The 2023 undergraduate student guide will help you decide which programs interest you and where your passions might lie.

I made the decision to join ANU because it is a world leader in providing students with incredible opportunities that transform their lives and truly change the world.

Our motto is “First, know the nature of things”. At ANU, we have created an environment that allows great minds to reach their potential through excellence in teaching and by supplying transformative opportunities for growth and encouraging confidence to explore new ideas.

Our students are central to everything we do. The ANU community consists of bright and engaged students who come to Canberra from across Australia, our region and around the world, giving you opportunities to meet amazing people and build lifelong friendships.

You will have the chance to learn from some of the world’s best teachers who are at the forefront of their fields and to become part of a lively intellectual community.

If you want to change the world, shape the future or make a real difference, ANU will help you get there. Our graduates are amongst the most employable and our alumni include many of the world’s movers and shakers.

Long after you graduate, our alumni relations program will continue to connect you to extensive professional and social networks around the world.

I am pleased to invite you to apply to ANU for your undergraduate studies and look forward to welcoming you into our community in 2023.

Professor Brian P. Schmidt AC
Vice-Chancellor and President
YOU’LL LOVE AUSTRALIA’S CAPITAL CITY

Young, vibrant and safe, Canberra is one of Australia’s best kept secrets! Nestled between mountains and coast, the capital is rich in fresh air, culture and fun and ranks among the top 25 Best Student Cities in the world.*

Culture capital
Canberra is filled to the brim with cultural institutions, so if you are interested in history or passionate about the arts, there is plenty here for you – think of the National Gallery of Australia and of its important national, Indigenous and international masterpieces or the National Museum of Australia and the Australian War Memorial. All these places can take you on a journey through Australian and world history and culture and inspire you to reflect on your place in the world.

Fabulous food
The city’s thriving coffee culture and award-winning restaurants will impress you. From minimalist Scandi-style places like Rye or Gather Café to the must-visit Lonsdale Street Roasters and fine dining restaurants, you’ll find Canberra’s a place for foodies, whatever your budget.

Students make up a quarter of the city’s population, so you will find plenty of festivals, bars and music venues to go to as well. Check out BentSpoke, Capital Brewing Co, Hopscotch and Visit Canberra.

For game fans, Reload Bar & Games is a favourite. Then there’s Badger and Co on campus, the number one gathering place for ANU students. Affordable and vibrant, it’s the regular Friday-night watering hole.

When you’re craving live music, highlights include the unique and boho Smith’s Alternative and a range of small and large venues like jazz speakeasy Molly’s Bar and Stage 88 in Commonwealth Park.

Natural wonders
With four distinct seasons and nature in abundance, Canberra is the perfect place for adventure seekers year-round. You can ride a bike or paddle a kayak around Lake Burley Griffin or hike through the sprawling Namadgi National Park and Tidbinbilla Nature Reserve.

For a dose of studying or relaxation with music or a movie, you can wander over with friends to the Australian National Botanic Gardens, which is next door to the ANU campus, or head to the annual Noodle Market and National Multicultural Festival in the city or to Floriade in Commonwealth Park.

If you don’t have a car, Canberra is easy to get around. As well as trams and buses, you can hire and hop on an e-scooter or bike. The average travelling time by car is around 15 minutes.

Work while you study
Australia’s most educated city has higher than average incomes and low unemployment rates. This means there will be plenty of jobs available on and off campus, so you can earn the money you’ll need to pay your way.

Easy commuting
The capital city’s great roads, convenient light rail and bus routes mean you won’t ever be far away from campus or the CBD. Choose to live in student accommodation on campus, and everything you’ll need, including your classes, will be a short walk or bike ride away.
Mini-breaks galore

Canberra is a couple of hours from the coast and the mountains – so close that you can easily get away for a day or weekend to wind down. If you don’t drive, you can hop on an interstate bus and head down the scenic Clyde Mountain to the beautiful uncrowded beaches, rivers, state parks and historic towns of south-eastern NSW.

The capital region also boasts sailing, waterskiing, swimming holes and fabulous fishing spots. If you prefer to stay out of the weather, you might prefer go-karting, indoor rock climbing or skiing at the Vertikal Indoor Snow Sports Centre.

In winter, you can head to Snowy Mountains’ alpine ski resorts for the day or week to polish your skiing or snowboarding skills. If getting cold and wet is not your style, how about renting out a lodge with your friends and playing cards while toasting marshmallows in front of a fire?

> visitcanberra.com.au/experiences

#1 most liveable city in Australia
#3 best city to visit in the world
#17 best student city in the world
#1 most sustainable city in Australia
#5 healthiest city to in the world to live
#3 best student city in the Australia

Student-friendly. 25% of the city’s population are students

Short commute times and easy to get around, by car, bus, tram or bicycle

25% of the capital’s population is born overseas

462,213 population in 2021

3 hours’ drive to Sydney

Highest proportion of campus accommodation in Australia

2 hours’ drive to the snow and the sea

---

Accessing Australia’s #1 university has never been simpler.

Support every step of the way
As you settle into university life at The Australian National University (ANU), the Tjabal Indigenous Higher Education Centre will be the hub that provides you with both cultural and academic support.

The centre offers you a range of support services that will enhance your time at university:
- academic and pastoral support
- links to employment and training providers
- one-on-one tutoring
- connection to local Aboriginal and Torres Strait Islander services
- computer labs and study spaces.

Apply to ANU as a school-leaver
You can apply directly to ANU for admission, campus accommodation and multiple scholarships in a single cost-free application.

As an Aboriginal or Torres Strait Islander student, you may be eligible for priority admission. Priority admission requires that you identify as Aboriginal or Torres Strait Islander and fully meet the entry requirements of your ANU program of choice.

Kambri Indigenous Undergraduate Scholarship
Established in 2020 to provide ongoing financial and pastoral support to Aboriginal and Torres Strait Islander undergraduate students, the Kambri Indigenous Undergraduate Scholarship is tailored to suit the needs of each student who receives it.

Find out more about the Kambri Scholarship, including when you’ll need to apply for it, on the ANU website.

INDIGENOUS STUDENTS

anu.edu.au/study/apply/access-for-indigenous-students

anu.edu.au/study/scholarships/find-a-scholarship/kambri-indigenous-undergraduate-scholarship
Taliah King
Yuin and Waanyi woman, who grew up in Shellharbour
Bachelor of Arts, majoring in Psychology

University was always something that I wanted to do, but I was never sure what I wanted to study. I knew I wanted to make a difference and help people, but I never knew how. To help me clarify this, I began by talking to a few people I trusted; my favourite teacher, my family and friends, and the Tjabal Centre at ANU. They were able to help me work out what study programs I was eligible for and what interested me most. I finally decided I wanted to study psychology.

Studying at ANU has given me many opportunities I never thought I’d have access to. However, the best thing about being at ANU and a part of the Tjabal centre is the support from both staff and students and the sense of community. There will always be challenges no matter what you do, but my passion and drive for wanting to help people always reassures me to keep working towards my goals.
SCHOLARSHIPS

Our scholarships are helping students from all around the country study at Australia’s #1 university.*

When you apply directly to study at The Australian National University (ANU), all you will need to do for us to consider you for a scholarship in 2023 is tick the scholarship box in your application form**.

Scholarships can help offset the cost of tuition fees, campus accommodation, travel and other study expenses – giving you more time and energy to focus on your studies and on getting the most out university life.

Some of our scholarships go beyond the financial. They can link you to a community of likeminded scholars and give you access to opportunities that can help you make a difference in your community while developing networks that can enhance your career after graduation.

Go to anu.edu.au/study/scholarships for our full range of scholarship and eligibility requirements.

The Tuckwell Scholarship

With 25 scholarships awarded each year, the Tuckwell Scholarship is the most transformational undergraduate scholarship program in Australia. Exclusive to ANU, it could provide you with a minimum $22,200 per year for up to five years and give you access to exclusive enrichment opportunities. And, after you graduate, you’ll continue to enjoy lifelong membership of the global Tuckwell alumni network.

While you can express interest in the Tuckwell Scholarship in your direct application to ANU, you will need to apply for it separately.

Learn more at tuckwell.anu.edu.au

Australian National Scholarship

Each year, ANU offers up to 25 Australian National Scholarships to help talented students from disadvantaged backgrounds access higher education and to support them during their studies.

London Alumni Scholarship

Providing support to students who are experiencing financial hardship and other disadvantages, the new London Alumni Scholarship helps with the cost of study.

Love Scholarship

Promoting equity and diversity at ANU, the Love Scholarship is awarded to two students each year who have faced ongoing difficult circumstances that have seriously challenged their ability to study at university.

*QS World University Rankings 2021

**If you apply directly to ANU for study in 2023 and tick the scholarship box, we will consider you for all eligible scholarships. If you apply through the Universities Admission Centre, you will need to check each scholarship on the ANU Scholarships website for information on whether you are eligible and how to apply.

Taylor Heslington

Flexible double degree: Bachelor of Laws (Honours)/Bachelor of International Security Studies

I came to Canberra from a regional town in Victoria after being lucky enough to receive an ANU Equity Accommodation Scholarship and Australian Veterans’ Children Assistance Trust Commemorative Bursary.

The financial support has made it possible for me to live on campus while I’m studying and to take part more in my residential community and the larger campus community.

Studying and living at ANU offers a wealth of opportunities and having the scholarship and bursary have helped me take these up. Without the major financial pressure, I’ve been able to pursue the things I’m passionate about, including volunteering and taking part in arts events and student committees.
The Australian National University (ANU) is making it easier for you to settle into your first year of tertiary study by guaranteeing you a place in a student residence.*

Picture yourself living within walking, cycling or e-scooter distance of Canberra’s CBD and arriving within minutes to your classes, casual job, gyms and cafes as well as libraries, supermarkets and more.

University accommodation offers you a chance to become part of a diverse and vibrant community with access to events and opportunities that are all about broadening your horizons and helping you to make friends and build networks for life.

Each ANU residence has its own ethos, character and social and academic life – and a bevy of staff and senior residents who will provide pastoral care and support your safety and wellbeing 24/7.

You can live communally or independently and in catered or self-catered accommodation. Whichever your preference, you can rely on a calendar filled with exciting social, cultural, sporting and academic activities and a network of support that will make your time at university fun and stimulating, as well as educational.

> anu.edu.au/study/accommodation/student-residences

**Plan your budget**

If you’re thinking of leaving home to head to university, plan a budget during 2022 to help you meet your living expenses next year.

As well as your annual accommodation fees, your budget should include the cost of food, entertainment, public transport fares, textbooks, clothing and stationery.

Explore ANU scholarships. If you’re eligible, these can help you with the cost of accommodation as well as other study expenses. For more information about scholarships, go to page 8 of this guide.

---

*The ANU Accommodation Guarantee covers students coming to ANU to undertake undergraduate study for the first time. It guarantees an offer of accommodation in one of our campus residences.*

LEARN BY ADVENTURE

Where will you go?

Our two-week, summer, semester or year-long programs could take you to one of many universities around the world. Choose where you’d like to go.

> Austria > Japan
> Belgium > Mexico
> Brazil > Myanmar
> Brunei > The Netherlands
> Canada > New Caledonia
> Chile > New Zealand
> China > Norway
> Colombia > Peru
> Czech Republic > Portugal
> Denmark > Singapore
> Finland > South Korea
> France > Spain
> French Polynesia > Sweden
> Germany > Switzerland
> Hong Kong > Taiwan
> India > Thailand
> Indonesia > Turkey
> Ireland > United Kingdom
> Israel > United States
> Italy

At ANU, you can study at some of the world’s top universities and learn and practice a new language and culture while connecting with other outstanding students from around the globe – all while earning credit towards your degree.

Participate in one or several short of long-term programs – you will have more than 180 ANU partners in 39 countries to choose yours from.

And, while you’re internationalising your degree, you’ll make new friends and foster personal and career networks that will last you a lifetime.

There’s nothing like learning by adventure. Build your skills, knowledge and life experience by studying abroad. You’ll also expand your career options after graduation.
One of my favourite things about ANU has been the overseas exchange opportunities. During my two-and-a-half years here, I have already done a short winter language course in Japan at Ritsumeikan University with the help of a $3,000 NCP Mobility Grant and studied one of the law programs at the London School of Economics and Political Science Summer School.

David Chieng

Get job-ready skills and contribute to something bigger than you. Take on some amazing internships here and overseas, some of which are exclusive to ANU.

**Australian National Internships Program**

An elite opportunity for you to undertake a 12-week research-oriented internship with organisations like the ACT Legislative Assembly, government departments and agencies, embassies and diplomatic missions, national cultural institutions, leading NGOs, industry organisations, think-tanks and policy research centres.

The Australian National Internships Program (ANIP) is the only university program that offers Australian Commonwealth Parliamentary Internships. Interns are based in the offices of Members of Parliament and Senators and engage with a range of portfolio activities that shape national policymaking.

> [anip.anu.edu.au](http://anip.anu.edu.au)

**Taiwan Public Policy Internship Program**

Head to Taiwan and undertake a six-week research internship with a department or agency in the Taiwanese Government.

The Taiwan Public Policy Internship Program can be undertaken by students of the ANU School of Politics and International Relations for course credit.

**Washington Internship Program**

Offered through the ANU School of Politics and International Relations, you will get to experience political life in Washington DC over seven weeks in the United States Congress.

You’ll work in the offices of Members of Congress or on the staff of Congressional committees while completing a program of research on a specialised aspect of American government, politics, and public policy.

---

**Yasmin Sahihi**

*Flexible double degree: Bachelor of Laws (Honours)/Bachelor of Economics*

ANU has given me the once-in-a-lifetime opportunities and adventures that come with being a student of a world-class university – and through these opportunities, I’m getting to see the impact on the world of the things I’m learning on a day-to-day basis.

During one of my semester breaks, I was fortunate enough to take part in a public health study tour and to be financially supported to study at local hospitals in Yogyakarta, Depok and Jakarta in Indonesia. At all of these hospitals, I learned about implementing public health programs in developing countries and different geographical areas.

This year, I am excited about being part of a team of ANU students who will be volunteering as paralegals in the Kimberley region of remote Western Australia, where we will be supporting lawyers working to get justice for Indigenous Australians.

Every day that I’m at ANU, I get closer to completing my degree while gaining new degrees of experience.
HOW TO APPLY

Apply early

You can apply to study at ANU early by submitting a direct application. What’s more, applying directly is free and covers admission, scholarships and accommodation in one application.

1. Check if you're eligible to apply directly to ANU

   > You are an Australian school leaver in 2022 and wanting to apply for an undergraduate program that starts in 2023.
   > You will complete an Australian Year 12 certificate this year or the International Baccalaureate diploma during the November session.

2. Consider which programs are best for you

   > Choose from over 50 bachelor degrees, or combine degrees to study a flexible double degree program. To find out which degree suits your interests and career goals, go to page 14.
   > Some programs will require you to have studied specific subjects in Year 12. Make sure you’re eligible for your chosen one by checking the prerequisites on page 22 before you apply.

3. Check you meet the co-curricular or service requirement

   > All Australian school leavers must meet this requirement.
   > Learn more on page 20.

4. Apply directly to ANU

   Great work! You’re now ready to apply. Applications open on 2 March 2022 and close on 23 May 2022.

Apply through UAC

If you do not meet the criteria to submit a direct application to ANU, you can apply via The Universities Admissions Centre (UAC) later in the year.

Complete a UAC application if you are:

   > not a school-leaver, e.g., you have taken a gap year
   > seeking admission as a mature-age higher education student
   > wanting to transfer to ANU from another institution
   > you have completed an International secondary qualification e.g. A Levels.

Direct application dates

> 2 March 2022
  Direct applications to ANU open

> 23 May 2022
  Direct applications to ANU close

> 5 September 2022
  Early offers released

> 5 October 2022
  Early offer acceptance deadline

> January 2023
  Final offer acceptance deadline

> 13 February 2023
  ANU Orientation Week

> 20 February 2023
  Classes commence

UAC application dates

> Visit uac.edu.au
ADJUSTMENT FACTORS

You may be eligible to receive adjustment factors.

You may be eligible to receive adjustment factors which could boost your ANU selection rank.

ANU allocates National Access Scheme adjustment factors for high achievement in strategic senior secondary subjects and in recognition of difficult circumstances faced during high school.

Learn more at anu.edu.au/study/apply/national-access-scheme.

You may be eligible to receive adjustment factors which could boost your ANU selection rank.

We may consider you for adjustment factors if you have:

> applied directly to ANU or through UAC for an eligible ANU bachelor program
> undertaken the Australian Year 12 certificate or International Baccalaureate diploma
> achieved an ATAR or equivalent of 70 or above
> not previously attempted tertiary study.

For more information, visit the adjustment factors page on the ANU website.

Disclaimer: Correct at time of print November 2021. Adjustment factors are reviewed annually, please refer to anu.edu.au/study/apply/anu-adjustment-factors.

Elite athlete adjustments

ANU is an elite athlete-friendly university. We will provide additional support if you are recognised as an elite athlete by the Australian Sports Commission’s AIS Personal Excellence program. You may be eligible for five elite athlete adjustments.

> anu.edu.au/students/health-safety-wellbeing/access-inclusion/anu-student-elite-athlete-program
The skills you have gained outside the classroom during Years 10-12 will help you succeed at university. That is why when you apply to The Australian National University (ANU), you will need to meet our co-curricular or service requirement along with the academic requirements for your degree program.

**Skills to succeed**
In your application, you will need to tell us about your involvement in activities outside the classroom. These can include such activities as volunteering, part-time work, caring for a family member or playing sport.

**Meeting the co-curricular or service requirement**
Refer to the matrix on the next page for examples of the type of activities that we recognise as meeting our co-curricular or service requirements.

Each activity is mapped against seven skills:
- Creative and critical thinking
- Community engagement
- Inclusion and awareness of diversity
- Communication
- Leadership
- Personal responsibility
- Teamwork

You have met the co-curricular or service requirement when you can demonstrate that you’ve attained at least three of seven skills.*

**How the requirement works**
- The co-curricular or service requirement is a threshold which is either met or not met. We won’t use it to rank you against other applicants.
- The requirement does not modify your ATAR or ANU selection rank. You must meet it in addition to other admission requirements that apply to your preferred program.
- The requirements can be met through activities that were completed in Years 10, 11 or 12; and must be met at the time of application.
- You will need to provide supporting documentation with your application to confirm your participation in activities.

For more information, go to anu.edu.au/study/apply/domestic-applications-anu-undergraduate/applying-to-anu-application-details/co.

* If you are a domestic Australian school leaver in 2022 and wanting to apply for an undergraduate degree starting in 2023.
Academic extension activities
Research Programs
Summer Academic Programs
Academic Enrichment Programs
International Academic Exchange

Community and service activities
Volunteering
Leadership in Community Engagement
Member of a Community or School-based Club
Student Council
School Captaincy
Girl Guides, Scouts, Cadets (or similar)
Caring for a family member or individual with specific needs (Primary and Secondary carer roles included)

Creative and performance activities
Creative Art (Individual)
Writing
Poetry
Creative Art (Team)
Creative Performance (Individual)
Creative Performance or Production Cast or Crew member (Group)
Lead Performer or Lead Crew Member of a Creative Production
Duke of Edinburgh
Gold or Silver Award

Educational and scholastic activities
Educational Competition, Test or Challenge (Individual)
Educational Competition, Test or Challenge (Team)
International Educational Competition, Test or Challenge (Individual)
International Educational Competition, Test or Challenge (Team)
Youth Forums
International Youth Forums
United Nations Youth Association or Youth Parliament
Public Speaking
Model United Nations or Debating
Conducting an Animal Show/Exhibition

Employment
Paid Employment
Work Experience

Gaming, sport and fitness activities
Sport, Games and Online Gaming (Individual)
Sport, Games and Online Gaming (Team)
Coaching or Leading a Sport, Game or Online Gaming Activity
Umpiring a Sport, Game or Online Gaming Activity

Some activities have minimum commitment requirements. For additional detail on the activities recognised as meeting the co-curricular or service requirements, see: anu.edu.au/study/apply

This process will:
- operate as a simple threshold which is met when an applicant has attained 3 out of 7 skills
- highlight skills that enhance employability outcomes.

This process will not:
- competitively rank students by the activities they undertake
- change a student's ATAR, or impact other entry requirements
- replace ANU adjustment factors.
**SINGLE DEGREE PROGRAMS**

The Australian National University (ANU) offers more than 50 single degrees for you to choose from.

At ANU, you can focus on a specific subject area or select a combination of subject areas to explore. Our single degrees generally take between three and four years of full-time study to complete and allow you to focus on a structured discipline or experience a broad range of subjects.

If you have a career in mind and know what you want to study, choose a structured degree like a Bachelor of Engineering (Honours) or a Bachelor of Health Science.

If you want flexibility to study a range of subjects within a discipline, choose something like the Bachelor of Arts or Bachelor of Science.

Maths and English mandatory from 2024

High-school Maths and English courses will equip you with some of the key skills you will need during university. Starting in 2024, all applicants will need to have successfully completed secondary maths and English units to be eligible to apply to ANU.

You can satisfy this requirement upon the successful completion of:

> at least one English unit in at least one semester during Year 11 or Year 12 and
> at least one maths unit in at least one semester during Year 11 or Year 12.

---

1 Joint degrees offered with the National University of Singapore (NUS).
2 Requires compulsory additional selection criteria. Learn more at anu.edu.au/study/apply/anu-undergraduate-additional-selection-criteria

* Selection Rank: The ranking that tertiary admission centres and most universities use to assess admission to a program. Selection Ranks can include an ATAR, any eligible equity adjustments calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of the Special Tertiary Admissions Test or other supplementary tests.

For us to consider your application for admission, you must achieve the minimum Selection Rank in 2022 for the ANU program you’re applying to study in 2023.

Note: Admission requirements may vary from year to year. See programsandcourses.anu.edu.au for any changes to entrance requirements. Information correct at time of printing, February 2022.
FLEXIBLE DOUBLE DEGREES

Looking for a degree with your name on it? Design your own flexible double degree. ANU offers more than 750 possible combinations.

Satisfy your intellectual curiosity and tailor your studies to prepare for your dream career.

> Graduate with two qualifications.
> Finish in less time that it takes to study two undergraduate degrees.
> Have the same full-time workload as a student studying a single undergraduate degree.

For more information on flexible double degrees go to programsandcourses.anu.edu.au

At ANU, you can combine

> any two degrees within Arts, Social Sciences, Business or Science
> a Bachelor of Laws with another degree in a related discipline
> a Bachelor of Engineering or Advanced Computing with another Engineering and Advanced Computing degree.

Kriti Mahajan

Flexible double degree: Bachelor of Laws (Honours)/Bachelor of Politics, Philosophy and Economics

Before I came to ANU, I didn’t know how contagious passion could be. All of my professors, lecturers and tutors bring invaluable real-world experience to my classes and the way they discuss concepts always makes me feel like I could also contribute to these fields.

I love studying at ANU. From the lifelike assignments and International Relations Society embassy visits to building ‘hotels’ for native bees with the Environment Collective, and being a member of the Dining Club (I’m a foodie!), being at ANU is more than just studying for me.

ANU cultivates unique international communities. This year, I am looking forward to developing academically while broadening my horizons with a student exchange during my summer and winter vacations.

¹ A+C: completion of Year 12 certificate + conditions apply including interview/portfolio.
² See soa.anu.edu.au/apply for more information.
³ Entrance to performance courses are by audition. E schoolofmusic@anu.edu.au
⁴ Program includes another prerequisite in addition to minimum selection rank. See page 22.
⁵ The degrees of Biotechnology, Genetics and Medical Sciences cannot be combined with one another. The degree of Advanced Computing cannot be combined with Information Technology.
⁶ The Bachelor of Engineering (R&D) (Hons) cannot be combined with any of these degrees.
Delve into your interests while developing the systematic research skills needed for problem-solving, discovery and innovation.

**Lachlan Arthur**

*Doctor of Medicine and Surgery*

When I first came to ANU, I had no idea about the opportunities that would be available to me. I graduated with my first degree, the Bachelor of Philosophy (Honours) – Science, in 2018 after completing my honours year with the Hannan Group in the Department of Cancer Biology and Therapeutics at John Curtin School of Medical Research. Now, I’m in my second year of the Doctor of Medicine and Surgery.

I came to ANU because I believed I’d get the best preparation for my dream career as a clinician-researcher, including opportunities to study abroad at world-class institutions.

I was lucky enough to go on a student exchange through ANU twice during my undergraduate degree. Both trips have been once-in-a-lifetime opportunities that have allowed me to meet incredible people, see amazing sites and gain valuable experience that will propel me towards my dream career.

I completed the five-week International Alliance of Research Universities (IARU) summer program at the University of Copenhagen under the supervision of Professor Rudi Westendorp, a world leader in ageing research. While I was in Copenhagen, I also worked alongside students from Oxford, Cambridge, Peking and Tokyo universities, making connections that will last throughout my academic career.

In Switzerland at ETH Zurich, known for its cutting-edge science and technology research, I worked in four different labs over five months—a whirlwind experience—studying diseases ranging from cancer to Hepatitis C. I also got to study protein crystals using one of the three free-electron lasers in the world.

Undergraduate Research Degrees are challenging study programs that give you opportunities for intensive one-on-one guidance from world-leading academics, exclusive placements in research organisations, travel and teamwork.

> You will have the same full-time workload as a student studying a single undergraduate degree.

> You will graduate with skills that are in global demand across government, non-government and not-for-profit, business, consultancy and academic sectors.

**Skills to get you ahead**

The employment landscape is always changing, especially as technology becomes increasingly sophisticated and prevalent in the workplace.

Traditional jobs are disappearing or changing, while new jobs are emerging in response to contemporary needs.

By choosing to undertake an Undergraduate Research Degree you will develop timeless and highly transferable skills that work across disciplines. In particular, you will develop high-order problem-solving skills that employers are demanding the world over.

These skills will let you work in and across any industry which means that when you graduate, you will be uniquely placed to direct the course of your career.
Choose the undergraduate research degree that inspires and challenges you.

**Bachelor of Advanced Computing (Research and Development) (Honours)**

A unique, interdisciplinary degree that will prepare you to be a future leader in the information and communications technology revolution.

You will learn advanced computing techniques and have the opportunity to complete a unique major, while developing exceptional professional skills in areas of entrepreneurship and management.

**Bachelor of Engineering (Research and Development) (Honours)**

For high-achieving students interested in becoming innovators and future leaders in engineering.

This degree program combines the fundamental engineering courses with the opportunity to be immersed in research groups covering mechatronics, solar energy, materials and manufacturing.

When you graduate, you will be equipped to solve some of the world’s greatest challenges.

**Bachelor of Finance, Economics and Statistics (Honours)**

An elite program that integrates the three disciplines so you can develop a deep understanding of these fields.

You will be guided by a mentor throughout your studies, and when you graduate you will be recognised for your exceptional aptitude for quantitative financial analysis, conceptual thinking about claims on resources using statistics, problem-solving combining economic intuition and mathematical techniques.

**Bachelor of Philosophy (Honours) (PhB) degrees**

Students will specialise in:

- Science
- Humanities and Social Sciences

**Bachelor of Science (Advanced) (Honours)**

A flexible program that you can tailor according to the scientific disciplines that interest you while working in a community of world-leading academics.

You will be exposed to advanced concepts and research possibilities leading to a broad range of careers when you graduate.
VERTICAL DOUBLE DEGREES IN SCIENCE

When you choose a science program at The Australian National University (ANU), you have the option to build your undergraduate and postgraduate degrees into one program, saving you time and money.

An VDD program usually takes four years to complete and offers you time and cost savings compared with studying a Bachelor and a Master degree separately.

At ANU you can study a Bachelor and Master degree in a shorter time by choosing a vertical double degree (VDD).

Save time and money
You’ll get credit in your Master degree for related areas of study in your Bachelor degree, saving you time and money when compared with studying a Bachelor and Master degree separately.

Stand out from the crowd
Graduating with both a master’s and bachelor’s degree will you stand out from the crowd in the competitive national and global jobs market.

Program exceptions
Medicine, four-year advanced degrees or those with built-in honours, as well as some master degrees cannot be combined in an vertical double degree (VDD) due to their unique degree structures.

For more information on VDDs, go to anu.edu.au/study/apply/flexible-vertical-double-degree-applications

Vertical double degree combinations

**Bachelor options**

- Biotechnology*
- Environment & Sustainability
- Genetics*
- Health Science
- Science

**Science Master options**

- Biological Science
- Environment
- Nuclear Science
- Precision Instrumental Science
- Public Health
- Quantum Biology
- Quantum Technology

^ Refer to table starting on page 22 for minimum selection ranks.

* Program includes another prerequisite in addition to selection rank. See table starting on page 22.
TAILOR YOUR DEGREE

You can choose majors, minors and specialisations to suit your interests or careers goals.

What’s a major?
A major is an area within a program that allows in-depth study in a particular field. A major usually consists of a set number of related courses. Majors at ANU require 48 units of study. Typically, each course is worth six units.

What’s a minor?
As the name suggests, a minor has fewer requirements to fulfil than a major, in terms of points and compulsory courses. Minors at ANU require 24 units of study – so typically four courses.

Specialisations
Similar to a minor, a specialisation is an area of study with its own courses that are allowed to be taken in conjunction with a specific related major.

> For more information on majors, minors and specialisations go to programsandcourses.anu.edu.au
We offer a wide range of majors - here are just a few.

**Business and economics**
- Accounting
- Applied Statistics
- Asian Capital Markets
- Business Information Systems
- Capital Markets
- Corporate Sustainability
- Economic Studies
- Finance
- International Business
- Management
- Marketing
- Probability and Stochastic Processes
- Quantitative Finance
- Statistical Data Analytics
- Theoretical Statistics

**Creative arts and design**
- Animation and Video
- Art History and Theory
- Ceramics
- Composition
- Composition for Film and Video Games
- Furniture
- Glass
- Hybrid Art Practice
- Jewellery and Object
- Music
- Music Technology
- Musicology
- Painting
- Performance
- Photomedia
- Printmedia and Drawing
- Screen Studies
- Sculpture and Spatial Practice
- Textiles

**Engineering, computing and technology**
- Advanced Intelligent Systems
- Computer Systems
- Cyber Security
- Data Science
- Electronic and Communication Systems
- Engineering Science
- Environmental Systems
- Information Systems
- Intelligent Systems
- Mechatronic Systems
- Renewable Energy Systems
- Research and Development
- Software Development
- Sustainable Energy Systems

**Law and government**
- Criminology
- Political Science

**Maths and science**
- Agricultural Innovation
- Astronomy and Astrophysics
- Biochemistry
- Biodiversity Conservation
- Cell & Molecular Biology
- Chemistry
- Climate Science
- Computer Science
- Earth Science
- Environmental Science
- Environmental Systems
- Evolution, Ecology and Organismal Biology
- Geography
- Human Biology

- War Studies
- Year in Asia
SUPPORT SERVICES

Our student services will help you get the most out of your time at ANU. They are here to build your academic skills, connect you with a mentor and help out with the day-to-day things, like enrolling in your courses, accessing disability support and, when you’re ready, planning your future career.

Volunteering and skill development program

ANU+ is a program that formally recognises your volunteering experience and contribution. It encourages you to give back to the community, develop employability skills and reflect on your volunteering experiences to gain a deeper understanding of yourself and the world around you.

> anuplus@anu.edu.au
> anu.edu.au/anuplus
> facebook.com/anuplus1

Develop your academic skills

Develop your academic skills and strategies to meet your study goals with the ANU Academic Skills team.

We provide advice and workshops on a range of subjects, including academic and research writing, study-related issues and referencing to help you thrive during your degree.

> academicskills@anu.edu.au
> anu.edu.au/academicskills
> facebook.com/ANUAcademicSkills

First-year program

If you’re from a rural or remote location, low-income or refugee background or the first in your family to attend university, the First-Year Experience program is for you. You can also take part if you’re simply looking to build a community and strong support network at ANU early to help you thrive in your studies.

This free strengths-based transition and development program will help you build your connection to the University, your teachers and fellow students through events, activities, support services and much more.

> firstyear@anu.edu.au
> anu.edu.au/students/student-life/student-communities/first-year-experience-program
Your students’ association

You will study hard but university is also a great time to make new friends and have fun. Run by students, the ANU Students’ Association (ANUSA) offers 200-plus clubs and societies that explore interests as wide ranging as sport, culture and environmental activism, along with a range of study disciplines.

As an ANU undergraduate student you’ll automatically become a member of ANUSA. That means as well as getting to join in the fun stuff, you’ll be able to access free legal advice and advocacy services and supportive welfare programs – or choose to run for office at the next ANUSA election!

> anusa.com.au
> anu.edu.au/study/student-experience

Respectful Relationships Unit

The ANU Respectful Relationships unit helps the campus community in the prevention of sexual assault and sexual harassment. The unit also assists and supports survivors with sexual harassment and violence reporting.

> respect@anu.edu.au
> anu.edu.au/students/health-safety-wellbeing/violence-sexual-assault-support

Career planning and support

ANU Careers provides a range of services that can help you apply for a casual job, internship or plan your career. Come and see them for application advice, interview preparation or simply to gain some tips to help you successfully transition from study to the world of work.

> careers@anu.edu.au
> careers.anu.edu.au
> facebook.com/ANUCareers

Spiritual support

When you need spiritual support, our team of multifaith chaplains will be available to help. They represent the Anglican, Catholic and Baptist churches and the Muslim, Hindu, Jewish, Baha’i faiths as well as the Humanist tradition.

> chaplaincy@anu.edu.au
> anu.edu.au/students/contacts/chaplaincy

Access and inclusion services

If you’re caring for or are a student living with disability or a medical condition, the ANU Access and Inclusion team will help you to participate fully in a program of study by providing advice, adjustment recommendations and support. The team can also help if you’re an elite athlete who needs to fit sporting commitments around your studies.

> access.inclusion@anu.edu.au
> anu.edu.au/students/contacts/access-inclusion

Counselling services

ANU Counselling is a free, confidential and non-diagnostic service that can help support you and enhance your mental health and wellbeing throughout your studies. As well as one-on-one counselling sessions, as an ANU student you will have access to free group programs, seminars and a crisis support line.

> counselling.centre@anu.edu.au
> counselling.anu.edu.au

Health and medical services

The ANU Medical Centre operates a state-of-the-art health and wellness clinic on levels 2 and 3 of the Health and Wellbeing Centre (Building 156) in Kambri. You can access ANU Medical Centre services for free.

> anu.edu.au/students/contacts/medical-services

Your safety on campus

Your safety is our priority! ANUOK makes accessing ANU security services quick and easy. These services include security escorts and more.

Download the ANU OK application using PlayStore (for Android users) or AppStore (for iPhone users).

24/7 ANU wellbeing and support line

As an ANU student, you can call this line if you need relief from emotional distress, help managing immediate threats to your life or safety or to learn about pathways for longer-term support.

> Phone 1300 050 327
> Text 0488 884 170
TUITION, FEES & FINANCIAL ASSISTANCE

Australian domestic undergraduate students are eligible for a Commonwealth Supported Place (CSP). This means that your tuition fees are subsidised by the Australian Government.

Tuition fees

University tuition fees in Australia are standardised for Australian domestic students, regardless of which university you attend.

For the most up-to-date information about university tuition fees in Australia for domestic students, go to studyassist.gov.au

Fee help and financial assistance

Financial help is available to eligible students from the Australian Government through various schemes.

HECS-HELP is a loan program to help eligible students pay their student contribution. For details head to studyassist.gov.au

Youth Allowance is financial help available to eligible full-time students aged between 16 and 24 years of age. For details go to servicesaustralia.gov.au/individuals/services/centrelink/youth-allowance

ABSTUDY is available to eligible Aboriginal and Torres Strait Islander students. For details go to servicesaustralia.gov.au/individuals/services/centrelink/abstudy

SA-HELP is available to enable eligible students at ANU and other Australian universities to defer paying the Student Services and Amenities Fee (SA fee).

For up-to-date information about the Student Amenities Fee, anu.edu.au/students/program-administration/fees-payments/services-amenities-fee

For details go to studyassist.gov.au/help-loans/sa-help
